Hello Dave,

My Acting Executive Director, Steve Tettamanti, will be driving me to the site. I was wondering if he can stay for the tour as well. I've been keeping him inform of what's going on since my goal is to have an exhibition sometime in the future of the Clean-up. I would like for him to see what I've been talking about. He may not stay but just in case, he has that option.

Thanks,
Maribel

Subject: Save the date, Wednesday, May 16 at 3:00 PM: Passaic River CAG members tour of dredging and sediment processing operations

CAG Members:

Here's a run down for the tour. If you have not already done so, please RSVP to me soon. Call or send me an email if you have any questions.

Wednesday, May 16 @ 3:00 PM: Gather at the sediment processing facility located at 117 Blanchard Street, Newark, NJ

- EPA will provide an overview of dredging and processing operations in an on-site trailer with maps and photographs.
- View the operations safely from the parking lot

Next stop: 80 & 120 Lister Avenue, Newark, NJ

- Drive less than a half mile to the Diamond Alkali Superfund site
- View dredging and screening operations from the top of the Diamond Alkali site.

Clothing: Dress comfortably. Wear appropriate shoes. You will be walking on large gravel areas.

Photos/Video Allowed

Information about the project can be found at <http://www.passaicremovalaction.com/home.htm>

Roster of Confirmed Attendees To-Date:

- Debbie Mans
- Carol Johnston
